## Ororon Line Cycling Route

The ferry to these islands is the only public transportation along this route where bicycles are allowed. Teuri is a seabird paradise and Yagishiri is blessed with forests and seasonal wildflowers so be sure to catch that ferry! Both islands are around 12 kilometers in circumference, a perfect distance for an adventure. Take in the island lifestyle, the bird sanctuary, and the quiet of the virgin yew forest as you tour though these small island gems.

## Rental Bicycle Information (Teuri and Yagishiri Islands)

Regular and electric bicycles are available for rent at the ferry terminals of both islands. We recommend a leisurely ride to fully enjoy the beautiful island scenery. On Teuri you can also rent a scooter or a car but be sure to bring your driver's license!

## Activities (Yagishiri Island)

We recommend the guided walking tour of Yagishiri, island of wildflowers and forests. The local guest-house owner will explain island history and lifestyle on the way to see the best flowers of the season. You can also take a sightseeing taxi on an island circle-tour. It's best to make reservations in advance but you can also wait at the ferry terminal for the next available taxi.

## Shirohama Camping Area (Yagishiri Island)

We recommend the Shirohama camping area to set up a base from which to enjoy the islands. From here you can enjoy the beach during the day and the stars at night. Enjoy the beauty of nature anytime but the early summer daylily season is especially gorgeous. Teuri doesn't have an official campground so please use a guesthouse for stays.
